Early May Bank Holiday: The "Newbie"

Despite feeling like an ancient tradition tied to May Day and dancing around maypoles, this bank holiday is a relative youngster. It was only officially introduced in 1978 by the Labour government. At the time, it faced heavy opposition from those who feared it was a "socialist" plot to celebrate International Workers' Day

In each of these puzzles, we're looking for a word with double letters that repeat consecutively. For example, the word "LETTER" has two "Ts."

The flag could be seen _____ in the breeze. ((HINT: Begins with "F," 8 letters)

Answer: FLAPPING

We have added additional office staff to support the growing workload helping to ease the pressure on the team. This has resulted to faster responses to emails and phone calls, ensuring better and more effecient communication.

CARE PLANS

Care plans have been printed and provided to evry home to ensure easy access and consistency in care delivery. They are reviewed and updated annually or whenever necessary to reflect any changes in individual needs .

TRAINING

Stoma training was done to equip carers with practical skills needed to safely manage and care for stoma (proper cleaning, appliance change). It helps individuals manage confidently and avoid complications like infection.

ONE TOUCH ACCESS

Spring Bank Holiday: The Whit Monday Swap

The late May bank holiday used to be fixed to Whit Monday (the day after Pentecost), meaning its date jumped around every year based on the Easter calendar. To make things easier for businesses and schools, the government performed a "permanent transplant" in 1971, fixing it to the last Monday in May regardless of the religious calendar.

August Bank Holiday: The Cricket Connection

When Sir John Lubbock—a banker and politician—penned the Bank Holidays Act of 1871, he reportedly chose the date for the August bank holiday specifically so that bank employees would have the chance to attend or play in local cricket matches. For nearly a century, the whole of the UK celebrated it on the first Monday of August, but England, Wales, and Northern Ireland moved it to the end of the month in 1965 to try and extend the summer feeling.
